Jamon

CASE STUDY

ONLINE STUDYING PLATFORM

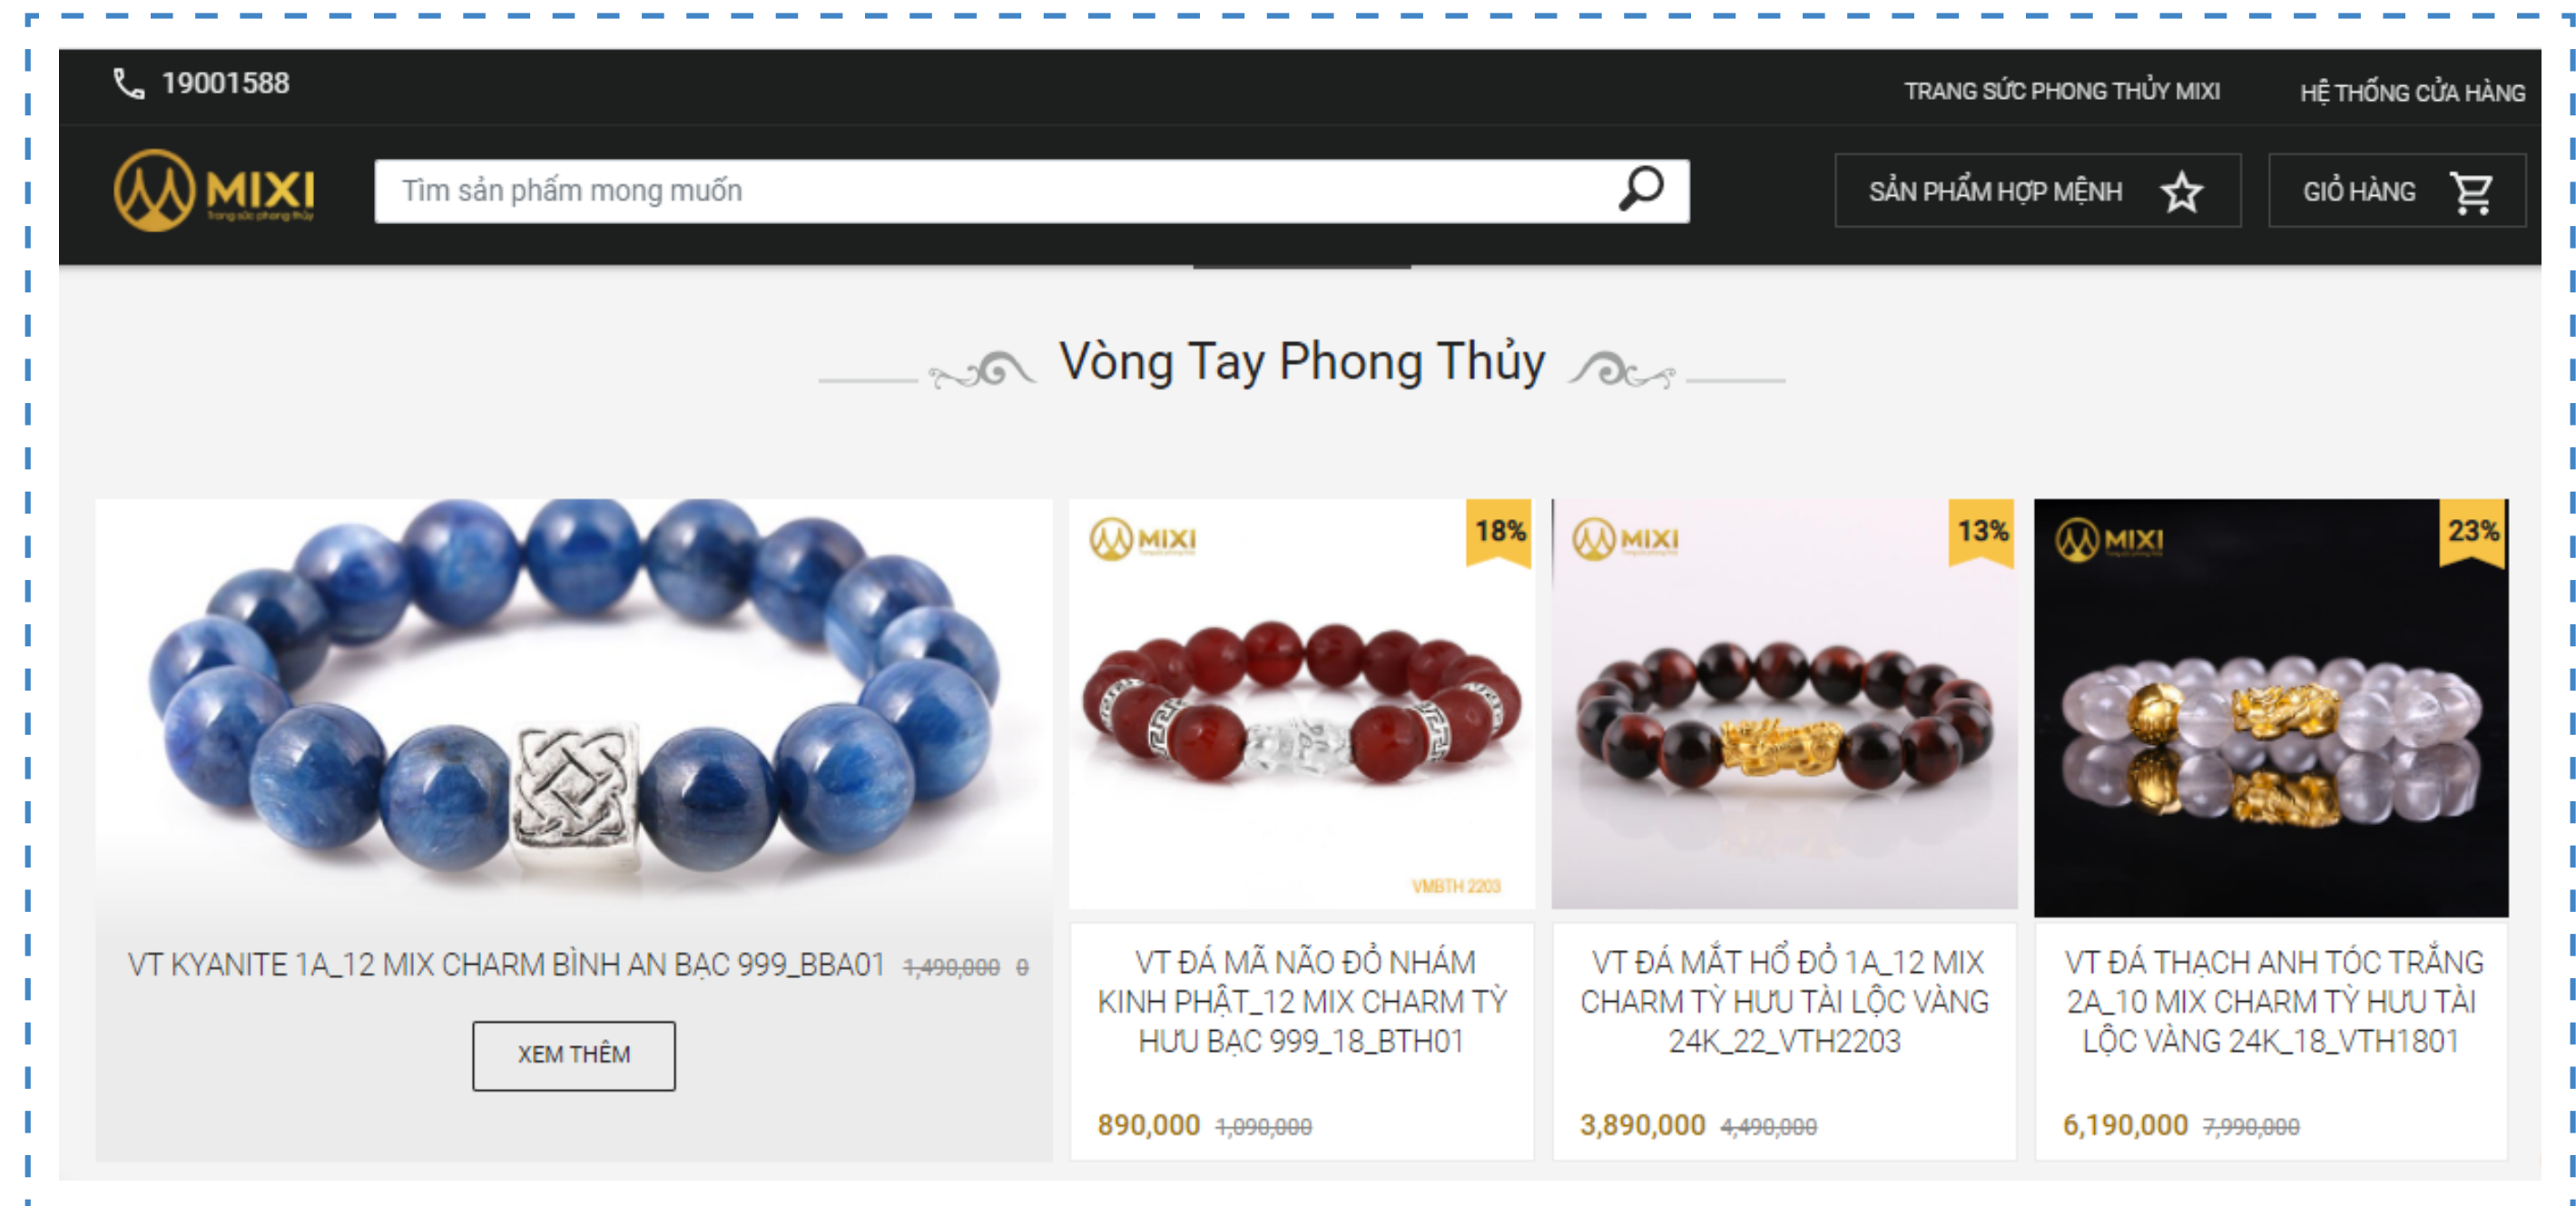

- Due to Covid 19, many school is closed hence the student need to study online.
- All external services like Zoom, Team, Google meet require good international traffic which sometime not available (broken connection etc)
- Together with Telco infrastructure, iNET Mschool solved the problem which help School, Teacher and Student connected and conduct their teaching, learning normally
- Won the Sao Khue Award in the Education field, 2021
- Currently our Mobiedu platform is providing service for 2000 teachers and 20.000 students.

CASE STUDY

ECOMMERCE SOLUTION

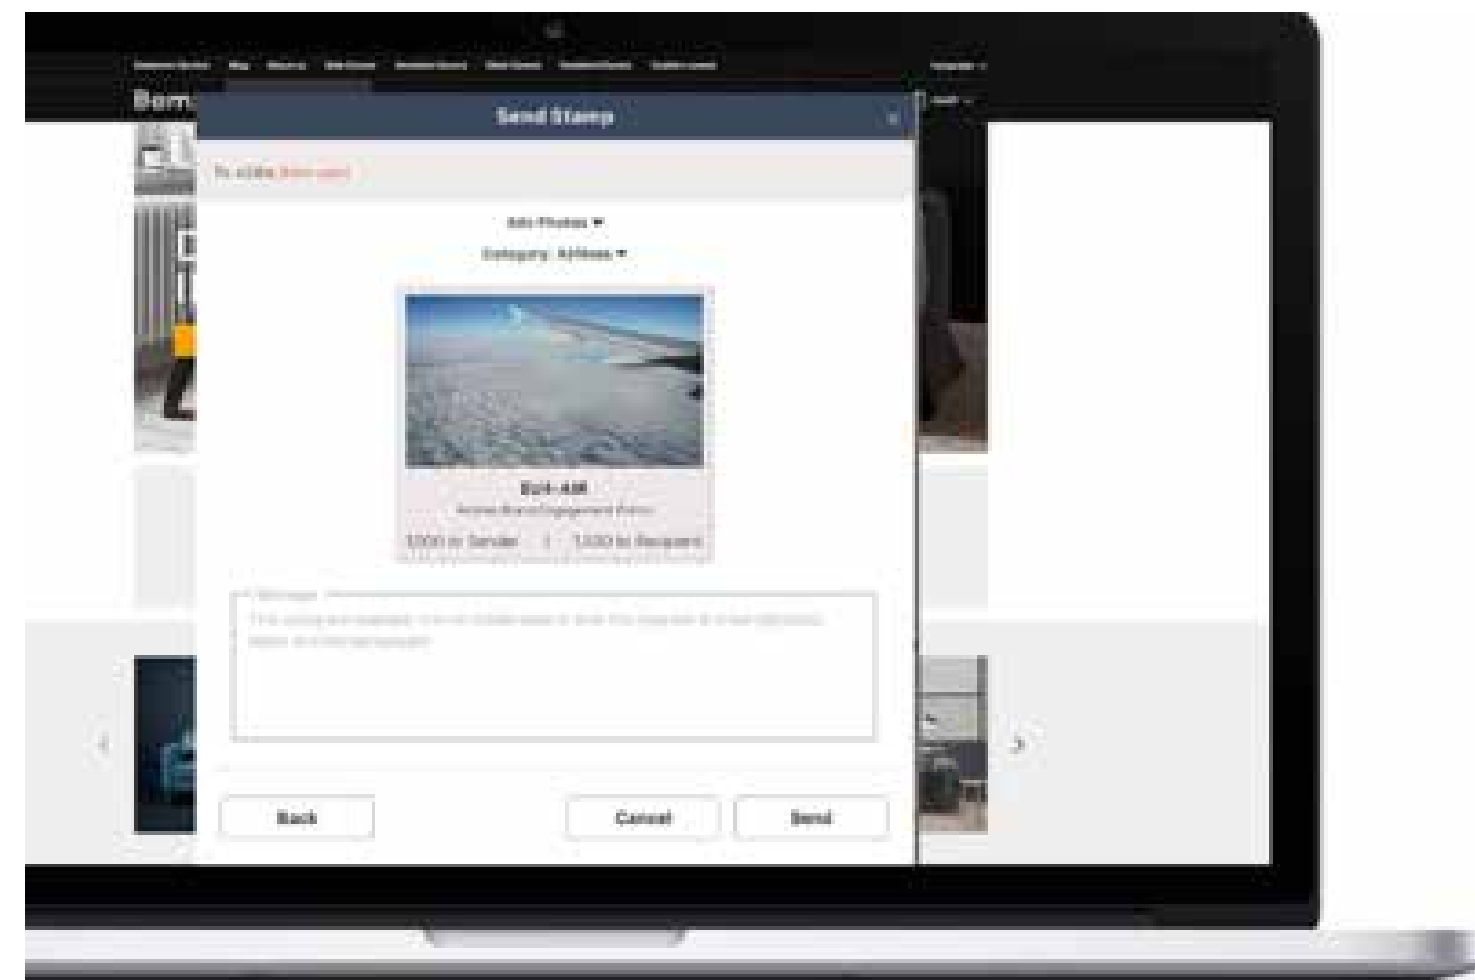

- For jewellery startup MiXi, its e-commerce store is everything
- iNET IT Solution was able to offer MiXi a lot more bang for their buck. iNET sent a project manager and a team lead to MiXi to analyze exactly what the needs and wants of the client were, offering a fixed-price solution with review and a one-year roadmap

CASE STUDY

FINTECH SOLUTION

- For fintech startup Euphoreum, the company needed a strong blockchain specialist partner to help them enable high volume of blockchain transaction and high security.
- Multiple blockchain solutions with detail pros/cons analysis were offered by our's best solution architectures. A team of ten developers worked on every aspect of the system build, from blockchain core, e-commercial integration to scaling, enabling high availability and updates to the Google app system such as Gmail.
- With strong blockchain and micro-service experience, KAI has been with Euphoreum for 3 years to enable multiple blockchain-based products for them.

CASE STUDY

TOMIMARKETS

- Tomimarket is a food distributor, with the portfolio focusing on high-end food imported from Europe. Our signature products are Iberico gammon, foie gras, salmon roe.
- With the slogan "Bringing Europe to your home", we aim at providing our customers with high-quality products at a competitive price.
- Though we are still young in the market, we have a high value share and raised a number of frequent customers.
- Tomimarkets is located in Hanoi. In the near future, we will expand our service to Ho Chi Minh City and Da Nang.

CASE STUDY

INET DOMAIN

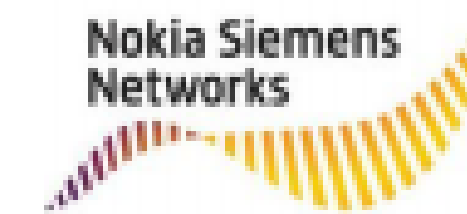

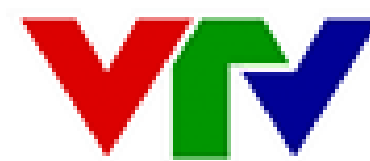

- We are the 3rd domain provider in Vietnam with total 115.000 domains in Vietnam.
- We won the Provider with the best customer service in three consecutive years 2017, 2018 and 2019.
- Our technology is frequently updated to provide customers with the highest speed and privacy and can be easily functioned on different platforms.
- We put customers' privacy to the top priority.
